

YOUR GIFT HAS A DIRECT IMPACT

FACULTY SUPPORT

At Harley, the faculty create the experience. Their dedication, intellect, and creativity form a defining force as they provide depth and breadth in the curriculum, and a rich experience for each child. The close relationships between faculty and the students—built on trust and respect—are hallmarks of the School. Gifts to the Harley Fund support professional development opportunities in the year of your gift and translate to academic excellence for our students.

STRENGTH OF PROGRAMS

Unique programs of the highest regard and amazing opportunities are central to student life at Harley. Our students do well by all academic standards; and they also do good in many profound ways. Gifts to the Harley Fund make it possible for the School to continue to evolve its programs that create the greatest academic opportunities for our students and also sustain an environment where the humanitarian ideals of our students take shape and come into reality. Helping Harley support this growth and these initiatives is an investment in our students, the School, and the greater good.

FINANCIAL AID

We recognize the links between a socioeconomically diverse student body, equity, and academic excellence. With your help, we are able to provide financial support that allows for a student body representative of the diverse population of our region. Now, more than ever, the participation of our community in the Harley Fund is critical in making accessible the life-changing opportunity of a Harley education.
